Lakeshores Villas is an excellent project located in the heart of the Laguna. The project combines large luxury villas and small apartments that surround a communal swimming pool. The entire project is made in a single style, the typical layout of the villa where there is a living room, a kitchen, several separate bedrooms with their own bathrooms and a maid's room. The project has on its territory real estate in the form of residences with private pools, each villa overlooks the lake. The biggest advantage of this complex lies in its location, as it is located in the very center of the Laguna, which makes it possible to reach restaurants, shops and much more within walking distance.
