#### About Panorama Summit

This stunning 5 bedroom hilltop villa has an 180 degree panorama vistas of both sunrise and sunset; you can take in the first light of dawn as the sun rises over Choeng Mon Bay, and then relax with a drink on the spacious terrace at sunset. Conveniently situated on the private Samui Summit Estate in the much sought after North East of Koh Samui between Choeng Mon and Big Buddha, this expansive property is an excellent example of modern tropical architecture blended with South East Asian art spread over two floors. Panorama Summit is perfect for groups looking for the holiday of a lifetime in a tropical paradise.

The open plan 100sqm combined lounge, dining and kitchen area is the social heart of the villa, it boasts Javanese stone flooring and large sliding doors that open up two full sides; allowing for free movement between the outside sun deck and the fan cooled interior, whilst the balmy hilltop breeze ensures that the villa never gets too hot. This level also has a well- equipped TV room, with a large built-in sofa, scatter cushions, and air conditioning for your comfort. Chill

The outdoor spaces provide perfect opportunities to relax; the upper floor has an 107sqm terrace that wraps around the front of the villa. There is a discreet guest bathroom, with shower, just off the terrace, and all terraces are edged with white bougainvillea. There are also plenty of sun loungers beside the pool, and if it gets a bit hot there is an undercover relaxation area with comfortable seating, overhead fans, a coffee table and a ping pong table.

#### Dine

A carefully conceived design means that guests can chose to dine alfresco, or indoors, and yet never lose sight of the spectacular tropical surroundings. There is an outside dining area on the pool terrace that enjoys west facing views, making it shady for breakfast and atmospheric in the evening with fabulous sunset views
