Project Description

Zenithy Pool Villas is a complex of four interconnected collections of contemporary villas with private pools, developed by Jenjad Pattana Development Co., Ltd. and located in the quiet residential area of Cherng Talay (Pasak Soi 8) in the north of Phuket. The project offers a boutique villa format with high standards of finishing and service from the international company Knight Frank. Owners have a choice of freehold or leasehold ownership, and all legal and administrative costs for the transfer of ownership are divided 50/50 between the developer and the buyer.

Architecture and Layouts

Two-storey villas from 331 to 356 m² (Phase 1-2) and from 302 to 485 m² (Zenithy Connex and Luxe) on plots of 258-335 m².

Standard layout Phase 1-2: three bedrooms, each with its own bathroom, a guest area and a study; an open kitchen-living room on the ground floor; two bedrooms, a study and a patio area on the roof of the second floor.

Especially for object 18, the swimming pool has been increased to 3x10 m, a garage for two cars, a landscaped garden with automatic gates and a built-in jacuzzi (Phase 2).

The interiors are designed in light brown tones with gold and gray accents: high ceilings, panoramic floor-to-ceiling windows, modern furniture and built-in storage systems.
